

**DONALDSON DELIVERS**  
**Filters and Exhaust Products**  
**That Keep You Growing**

Donaldson offers a full range of filtration and exhaust system products for agricultural equipment. Our products enhance engine and equipment performance while protecting the environment in which they operate.

# It All Started With a Dust-Choked Tractor

We started nearly 100 years ago as a simple three-man shop, building air filters for farmers. Today, Donaldson Filtration Solutions protect your engines and equipment from even the harshest environments, all over the world. Wherever you are, Donaldson is there.

Since 1915, when Frank created the first successful engine air cleaner to keep a local farmer's tractor running in dusty field conditions, we've tackled the dirty job of keeping your equipment running cleanly. Heat, sand, dust, extreme cold and excessive moisture are no match for nearly a century of innovation.

No matter the conditions you farm in, you can rest assured that Donaldson Filtration Solutions will protect your vehicles and equipment from whatever Mother Nature sends your way.

## Protecting Every Type of Vehicle

Your equipment operates in all kinds of environments. Donaldson provides air, lube, fuel, coolant, hydraulic and bulk filters – as well as exhaust and accessories – for every application. Our filters reduce downtime, can reduce maintenance expenses, and help keep your operation from missing a beat. The toughest jobs need the toughest protection.

## The Service You Need, Where You Need It

Our broad distribution network means that you can get the Donaldson products you trust from the local distributors you trust, anywhere the job takes you. If there's dirt in the air or contaminants anywhere, Donaldson is there.

And our comprehensive customer service team offers experienced and knowledgeable sales support for dealer/distributors, as well as the technical and field support you need to keep your equipment running smoothly – even when the work is anything but smooth.

## Online Filtration Education

The Donaldson Academy YouTube channel features more than 30 educational videos covering air intake, lube, fuel, coolant and hydraulic filtration. It's your one-stop resource for understanding filtration selection and maintenance.

Find us at [youtube.com/user/donaldsonengine](https://www.youtube.com/user/donaldsonengine).

Light Construction and Logging Equipment

**Stay protected and productive with Donaldson Filtration Solutions.**

# Filters for Every Part of Every Vehicle

Donaldson air, lube, fuel and hydraulic filters reduce your downtime, lower your maintenance expenses and keep your operation from missing a beat. In the worst conditions, you need the best protection. **You need Donaldson.**

## Air Filtration

Donaldson air filters are outfitted with filter media specially designed to trap contaminants such as dirt, dust and soot before they cause harm to your engines and equipment. Our full line of air intake systems, replacement parts and accessories are available in a variety of styles, sizes and materials to meet any application in the agriculture industry.

Donaldson PowerCore® Filtration Technology delivers better engine protection with no media movement, expansion, contraction or bunching. The straight-through, fluted design is simply more efficient, while the contamination encapsulation makes servicing easier. With millions sold and more than a decade in service, you can rest assured that your heavy-duty on-and off-road equipment is protected with PowerCore®.

*Donaldson FRG, FKB and FPG series offer reliable, two-stage filtration proven to perform in medium dust conditions. Donaldson RadialSeal™ Sealing Technology provides the most consistent and reliable seal available.*

## Mufflers & Exhaust Accessories

For more than 60 years, Donaldson has been a leading exhaust and muffler maintenance supplier, offering complete exhaust systems, components and accessories.

## Filtration Accessories

We make maintenance of your filters easy, too! The full line of Donaldson filtration accessories will reduce your filtration and maintenance costs and eliminate over-servicing. Check out our complete line of filter service indicators and intake accessories, including rubber products, rain caps and mounting bands.

*Donaldson TopSpin™ self-ejecting pre-cleaners extend air filter and equipment life.*

## Hydraulic Filtration

Donaldson offers a complete line of spin-on, cartridge-style and in-tank hydraulic filters – including high, medium and low pressure options – to protect expensive hydraulic components.

### **DURAMAX®**

*Donaldson Duramax® filters – the highest rated medium pressure filters available – have become the industry standard to operating pressures up to 500 psi.*

## Lube Filtration

Donaldson lube filters capture wear metals, soot and other contaminants in your engine oil that can cause damage and halt operation.

*Extend your service intervals with Donaldson Endurance™ lube filters with Synteq™ filter media.*

## Fuel Filtration

Prevent premature injector and pump wear by ensuring that only clean fuel is delivered to your engine with Donaldson fuel filters.

*The Twist & Drain™ fuel filter water separator makes draining water from your filter easy – and less messy.*

## Bulk Fuel and Lube Filtration

Filtering bulk fuels and oils before pumping equipment helps achieve desired cleanliness levels. Donaldson recommends a three-step strategy.

- 1 Clean** fuels/lubes prior to being put into storage.
- 2 Protect** them while in storage.
- 3 Polish** them as they come out of storage and are pumped into your equipment.

Donaldson Delivers

# Filters That Help You Grow!

OEMs around the world choose Donaldson for first fit applications.

When it's time for replacement, Donaldson provides the right balance of quality and value needed to keep your operation running smoothly.

# Donaldson Filter Coverage for Popular Agricultural Equipment

The next few pages show a quick overview of the coverage we have for popular agriculture equipment. The latest cross references and part information can be found at [crossreference.donaldson.com](http://crossreference.donaldson.com).
